Pay with Debit or Credit Card

To checkout as a guest, select "Pay with Debit or Credit Card". You do **not** need to enter an email address on this screen. It will ask you for one later if you do not. (If you do enter an email address here and if that address is associated with a PayPal account, it will prompt you to log in.)

You will then get to the screen shown on the next page to enter your card information.

If you choose to Pay with Debit or Credit Card, you will get to the following screen to gather your card information. You will need to fill in all the fields for email, phone number, card number and billing address (this is the same thing that happens every time you use a card for an online purchase, not just PayPal).
